## What you should know:

We are a Vaccine for Children (VFC) Provider for flu vaccination for children 6 months-18 years who are VFC eligible.

We accept Medicare, Medicaid, and most PPO insurances. Please bring all insurance cards and a photo ID. Those without insurance may pay \$38 by cash or check at time of service. Credit cards will be accepted with current photo ID.

The Center for Disease Control (CDC) recommends:

- A flu vaccine for all persons 6 months or older
- Receiving your flu vaccine as early as available. You will continue to be protected through the entire flu season.
