

PROTECTIVE MEASURES

Coronavirus (COVID-19)

Wash your hands

frequently and thoroughly, for at least 20 seconds. Use alcohol-based hand sanitizer if soap and water aren't available

Cover your mouth and nose

with a tissue or into your elbow when you cough or sneeze then throw the tissue in the bin and wash your hands

Wear a face mask

Face masks are one more tool used by the general public and essential workers to protect each other from respiratory droplets produced when we cough, sneeze or talk

Clean and disinfect

surfaces and objects that people frequently touch

Avoid touching

your eyes, nose, and mouth with unwashed hands

Avoid close contact

with people who are sick, sneezing or coughing
